Hand Tamper

With the introduction of our new, full range of essential Barista tools... Spend £150 in one order on any Caber branded espresso beans and you'll receive a FREE wooden handled coffee tamper worth nearly £20! Even if you don't have a traditional espresso machine it makes a rather flashy looking paperweight!

Our barista tools include some really innovative solutions as well as basic tools. From plain stainless steel milk foaming jugs of all sizes to colour co-ordinated jugs for whole, semi and skimmed milk through to pressure tampers, tamp stands and shot timers, we can supply everything to help make the perfect espresso using our 100% Arabica espresso beans. A barista training session on your own equipment can help identify which of these tools you'd benefit from most!
