## **About Caber Coffee**

Caber Coffee is a family run business which has been trading since 1988. We specialise in the distribution of beverage ingredients and equipment to businesses throughout Scotland.

Our range of coffees includes our own label, 100% Arabica ethically traded coffees which are truly excellent. Offering choice is part of our stock in trade, whether your requirement is for beans or ground coffee. Our Tea selections reflect the same pedigree.

Of course, tea and coffee are only part of the story. All the things that go together with beverage making are here... ready to be delivered for your requirement. Milks and sugars, cups and saucers, stirrers and spoons. From a choice of disposables to crockery and glassware.

The changing market means we have responded with ranges of instant ingredients for dispensing equipment. Sachet packed dry products are stocked to assist hoteliers with their bedroom hospitality. And a range of specialities from individually wrapped biscotti to biscuit selection boxes. All the things that complement the hospitality of coffee.

Nowadays there are many ways to produce excellent beverages and we stock, demonstrate and supply a selection of quality equipment. We are always happy to assist businesses make the best choice for their requirement and are happy to impart barista skills to those who would aspire to greater coffee competence.

The public are ever more discerning and by moving with the markets we hope to assist our customers satisfy consumers and staff alike.

You will be filling the cups. **We deliver the taste!**
