## IMPORTED BY CABER COFFEE

directly from the renowned Italian producers Rancilio, this 2 group traditional machine will take your coffee serving to the next level.

The Promac is a professional 2 group automatic espresso coffee machine styled in neutral black to fit any environment. It has been designed to serve coffee in cups up to 14 cm, but can still brew traditional espresso thanks to a cuprest-tray.

The Promac combines extremely durable build quality and premium specification components in a fantastic budget package. For the barista we have great temperature stability in the group heads and steam wands that produce a truly sublime milk texture.
